Exercise 1 – CSS Inclusion Methods

Objective:

Understand different methods of applying CSS.

Implementation

- Applied an inline style to highlight the Special Offer text.
- Used an internal <style> section to define the body background during initial development.
- Moved reusable styles into the external stylesheet (style.css).
- Added comments to organize CSS sections.

Exercise 2 – CSS Syntax and Comments

Objective

Write clean and maintainable CSS.

Implementation

- Created well-formatted CSS rules.
- Used proper indentation.
- Added comments for each section, such as Header, Navigation, Forms, and Footer.

Exercise 3 – Selectors Playground

Objective

Use different CSS selectors.

Implementation

Implemented the following selectors:

- Universal Selector (*)
- Element Selector (h2)
- ID Selector (#mainHeader)
- Class Selector (.eventCard)
- Group Selector (h3, p)

Exercise 4 – Color and Background Styling

Objective

Apply attractive colors and backgrounds.

Implementation

- Used HEX color codes.
- Used RGBA values for transparency.
- Applied linear gradients to headers.
- Added background colors and themed the portal.

Exercise 5 – Typography

Objective

Improve readability.

Implementation

- Imported Google Font (Poppins).
- Applied font-family.
- Used font-size.
- Used font-weight.
- Applied text-align.
- Used letter-spacing.
- Used line-height.

Exercise 6 – Link and List Styling

Objective

Customize navigation links.

Implementation

- Styled links using:
 - :link
 - :hover
 - :visited
 - :active
- Removed bullets from the navigation menu.
- Added spacing using margin and padding.

Exercise 7 – Table Styling

Objective

Improve table appearance.

Implementation

- Styled table, rows, and columns.
- Added borders.
- Applied padding.
- Used border-collapse.
- Added zebra striping using nth-child(even).

Exercise 8 – Box Model and Layout

Objective

Apply spacing and layout techniques.

Implementation

- Added margins.
- Added padding.
- Added borders.
- Used outlines for input focus.
- Demonstrated visibility: hidden.
- Demonstrated display: none.

Exercise 9 – Multi-Column Layout

Objective

Display content in newspaper style.

Implementation

Created a Community News section using:

- column-count
- column-gap
- column-rule

Exercise 10 – Responsive Web Design

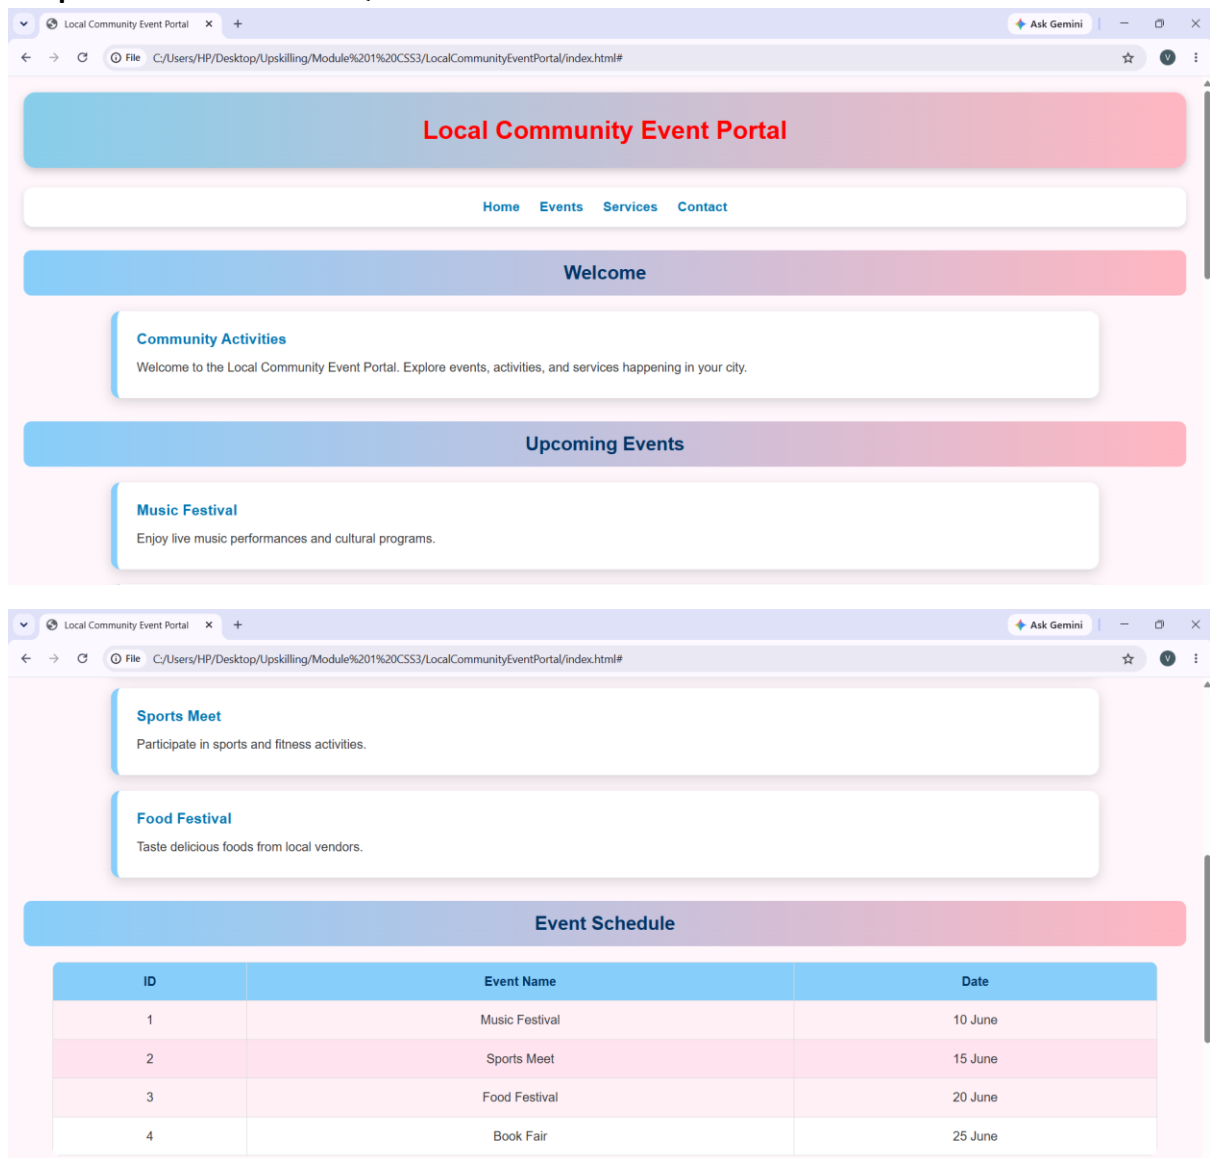

Objective

Make the webpage responsive.

Implementation

- Used media queries for screens below 768px.
- Converted navigation into a vertical layout.
- Reduced image size.
- Adjusted font sizes.
- Used percentage-based widths.

Outputs for all the above Questions:

Community Bulletin

The city council is organizing multiple community events this month including cultural programs, educational workshops, health awareness campaigns, sports competitions, and food festivals. Citizens are encouraged to participate and strengthen community

relationships. This portal provides easy registration and access to event information for everyone in the city.
